

Lavender Fields Lib Dems' MEET THE TEAM

Malcolm Brown

Malcolm has lived in the area since 2006 and is a chartered accountant.

In the last 15 years he has spent most of his time working with registered charities particularly within the healthcare sector, and with care leavers and looked after children. He will look to champion the economy, and access to healthcare and children services.

Cosmo Lupton

Cosmo has a track record as a community campaigner, who has helped people on issues ranging from housing repairs and benefits to tackling anti-social behaviour.

In his day-job, Cosmo helps scrutinise government, specialising in policy and legislation on the NHS, and on transport.

Emily Robertson

Emily has lived in Merton since 2007 and works as a Special Educational Needs Coordinator in a Lambeth secondary school.

She is passionate about equality of opportunity in education and is concerned about Labour's closure of local police station front counters and would like to see more done about anti-social behaviour in the ward.

It's a clear choice here between your **Lib Dem** team and **Labour**

The Liberal Democrats are STANDING UP FOR OUR AREA

After this election, it will be Labour or the Lib Dems running Merton Council.

Lavender Fields ward Lib Dems are the only local team that can send Starmer's Labour Government a message.

Voting Conservative, Reform UK or the Green Party will just help Labour stay in here.

"While Labour and the Tories lost both votes and seats to Reform UK, the Lib Dems did the reverse, gaining seats and capturing three county councils."

Fighting for safer, cleaner streets

With just weeks to go until we choose our next councillors, people throughout Lavender Fields ward are throwing their support behind the local Lib Dem team.

Residents are fed up with our area being neglected and are backing our campaign to fix our area by cleaning our streets, restoring community policing, and fixing our local health services.

“ *We will stand up for residents and fight for a Lavender Fields we are proud to call home* **”**

Read our plan for Merton

Our manifesto sets out our 'Six to Fix' – the six key outcomes we'll deliver in partnership with residents to help make Merton the place we're proud to call home.

THE SPECTATOR

More and more people are saying... Labour have lost their way

It's clear people are feeling let down by this Labour Government.

They were elected on the promise of change.

But instead they have backed away from the values people expected them to stand up for.

They haven't fixed the economy, and they aren't standing up to Reform UK's divisive rhetoric.

In Merton, Labour quickly found £230,000 to redecorate two

offices for their councillors, and are now risking cuts to local health services for very unwell children.

In Lavender Fields, it is your local Liberal Democrat team who are fighting for the issues that matter most to you.

You can back the Lib Dems for positive change.

The elections in May are your chance to say enough is enough - and send the Labour Government a message.

OUR PLAN FOR MERTON

Malcolm Brown, Cosmo Lupton and Emily Robertson are your hard working local Lib Dem team

We believe Merton should be a place people choose to live, not because they have to, but because it's the community they want to be part of.

We have a real plan to make Merton a place we're proud to call home - more vibrant, more affordable, easier to get on with your life.

We are a team that is open, competent, and caring: one that listens, acts boldly, and puts people first.

We've identified six key goals - our 'Six to Fix' -

which we'll deliver with residents.

The Liberal Democrats have a proven record of standing up for local people and delivering positive change for our communities, even from opposition.

We are the team you can trust to deliver these changes - with transparency, care, and a focus on real results.

Back the Liberal Democrats in 2026, and together we'll build the Merton that people are proud to call home.
